02 / MAKE THE FLOWERS

Rose & wisteria

Prepare the coiled roses and textured wisteria clusters before arranging the garland.

ROSE - MAKE 8 IN COLOR E

Foundation: Ch 27. On row 1 (RS), dc in the 4th ch from the hook (the skipped ch counts as the first dc). Dc in each ch up to the final ch; hdc in that final ch. Turn. **25 stitches.**

Row 2: Ch 3. Repeat: work 3 dc in each of the next 3 dc, then sl st in the next dc, across the row. Fasten off. Coil the ruffled strip into a rose and stitch through several layers at the base.

SHAPE CHECK

Begin the coil tightly for the flower center, then allow the outer ruffles to open. Secure the base with a yarn needle.

WISTERIA - MAKE 5 IN COLOR H

Begin: Ch 4 and join into a ring. **Round 1:** Ch 1, make 7 sc in the ring, and join to the first sc.

Round 2: Ch 1, sc in the first sc; ch 10, then work 3 sc in the 2nd ch from hook and 3 sc in each of the next 8 chains. Repeat the following sequence **6 more times in total:** sc in the next sc, ch 10, work 3 sc in the 2nd ch and in each of the next 8 ch. Join to the first sc and fasten off.

Coil each long ruffled petal separately so it hangs as a textured cluster. Leave a tail to attach it to the strand.

05 / PUT IT TOGETHER

Strand & assembly

The long green hanging strand carries every flower and leaf; the extra loops are optional.

HANGING STRAND - COLOR A

Ch 278. On the right side, work 1 hdc in the **9th chain from the hook**; the eight skipped chains form the first hanging loop. Work 1 hdc in each remaining chain to the end.

Ch 8, then sl st into the bottom of the final hdc to form the second hanging loop. Fasten off. **Count:** 270 hdc and two ch-8 loops.

OPTIONAL CORNER LOOPS

To hang the garland around a mirror or frame, measure the width across its top. Fold the strand to find its center, then place markers to either side of center at that measured span. At each marker, join A, ch 10 and sl st into the same spot to form an extra loop. Fasten off.

ARRANGE & SECURE

Lay the strand flat with the right side facing up. Arrange the **8 roses, 5 wisteria clusters, 10 pansies, 4 carnations, 6 daisies, 10 large leaves and 10 small leaves** along it. Move the motifs until the color balance feels even.

With A and a yarn needle, stitch the flowers and leaves to the right side of the hanging strand. Leave about **1 in (2.5 cm)** of green strand visible at both ends, excluding the hanging loops. Weave in loose tails and check the attachment stitches before hanging.

STITCH GUIDE

ch = chain · sc = single crochet · hdc = half double crochet · dc = double crochet · tr = treble crochet · sl st = slip stitch · sp = space · RS = right side.
