

# Flower Bouquet Blanket

A round blanket with a leafy border and rolled roses

## INSIDE THIS PATTERN

12-section round blanket • Green leaf edging  
21-chain rolled roses • Placement and sewing  
Step photographs extracted from the supplied video

Adapted as a written guide from video by @crochetmusings.

US crochet terms / Adjustable finished diameter

# Before you begin

## Gather your supplies

Cream yarn for the circular base; green yarn for the leafy edge.  
 Pink or coral yarn for roses (one color or several shades).  
 3-4 mm crochet hook as shown; yarn needle, scissors, stitch markers.  
 Yarn amount and finished diameter depend on your chosen size.

## US crochet abbreviations

MR = magic ring    ch = chain    st = stitch  
 sl st = slip stitch    sc = single crochet  
 dc = double crochet    tr = treble crochet  
 ch-1 sp = one-chain gap between sections  
 Picot = ch 2, then sl st at the top of the same tr.

00:30 • Start with a magic ring

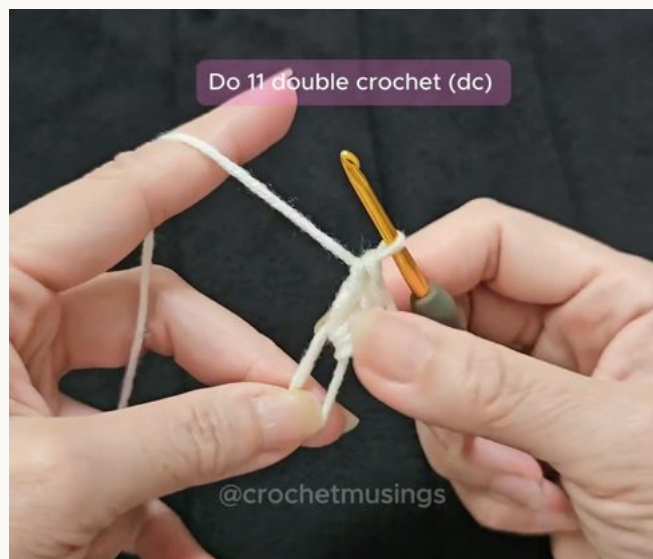

05:30 • Twelve radiating sections

## Sizing rule

Stop the cream rounds when the circle reaches your preferred diameter.  
 Keep it flat as you work; the video does not state a fixed yarn quantity.

# Work the circular base

00:55 • Chain 3 plus 11 dc

03:45 • Four dc in each section

## Round-by-round instructions

### Round 1

MR, ch 3 (counts as first dc), 11 dc into ring. Join to top of ch 3.  
12 dc total; pull the ring closed.

### Round 2

Ch 3, dc in same st, ch 1. Work 2 dc in next st, ch 1; repeat in every stitch. Join to top of starting ch 3.

### Round 3

Ch 3, 2 dc in next st, ch 1. For each following section: skip ch-1 sp, dc in first dc, 2 dc in next dc, ch 1.

### Round 4

Ch 3. In every section, dc in each stitch up to its last stitch; 2 dc in that last stitch, ch 1. Skip ch-1 sp.

## Continue without counting every stitch

Repeat Round 4's increase rule: add exactly one dc to each section on every new round. Each section has 2, 3, 4, 5... dc in R2, R3, R4, R5... Keep the 12 ch-1 gaps aligned. Finish when the diameter suits you.

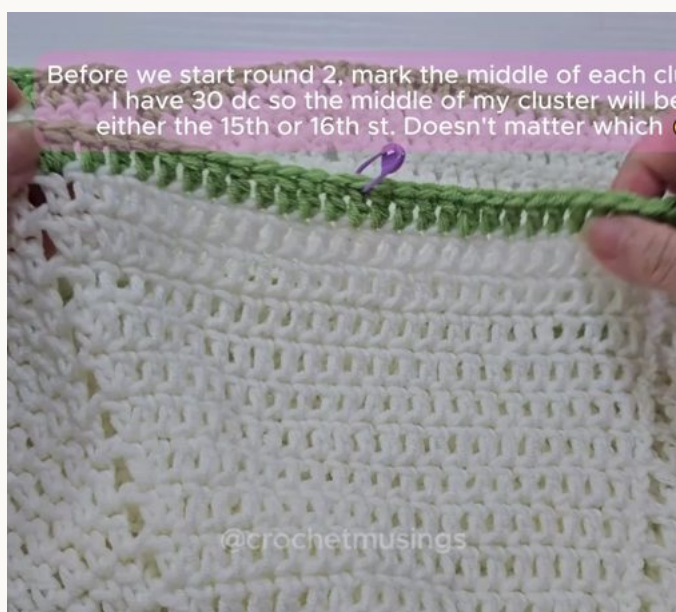

# Set up the leafy edge

05:45-06:00 • Green increase round

## Green foundation round

Join green yarn at the start of a section. Work one more round using the same increase rule as the cream rounds: one dc in each stitch to the last dc of a section, 2 dc in that last dc, ch 1; skip the ch-1 space. Repeat in all twelve sections and join. Example in the video: each green section has 30 dc.

06:30 • Mark the middle

## Mark the leaf sites

Mark the middle of each green dc section.

For 30 dc, use stitch 15 or 16 as the midpoint.

A pair of leaves forms near the section start; another pair forms at the midpoint.

# Crochet the leaves

06:45 • Leaf cluster and picot

## One pointed leaf

Work 1 sc in the next stitch. In the following stitch work:

1 dc, 1 tr, 1 tr with a picot, 1 tr, 1 dc — all in that one stitch.

For the picot, ch 2 at the top of the center tr and sl st to its top.

Work 1 sc in the next stitch. Repeat the leaf in the following stitch to form a closely spaced pair.

09:45 • Two leaves at the marker

**Fasten off green and weave its tail into the edging.**

## How to space pairs

Make a pair at the start of each dc section and another at its marker.

Between pairs, work 1 sc in each available st. At the last stitch of a section: 2 sc, ch 1; continue around.

# Make a rolled rose

12:45 • Chain 21

13:00 • Three dc into each ch

## Rose pattern

- 1 Join pink yarn at the center of a leaf pair, or work the rose separately and attach it afterward. Chain 21.
- 2 Starting in the third chain from the hook, work 3 dc into every chain across. The strip curls naturally.
- 3 After the final dc, ch 1; cut yarn with a long sewing tail.
- 4 Roll the curled strip into a rose, keeping the first end in the center; sew through its underside to hold the coil.

14:00 • Sew through the rose center

15:15 • Finished rolled rose

# Arrange & finish

12:05 • Place roses close along the green edge

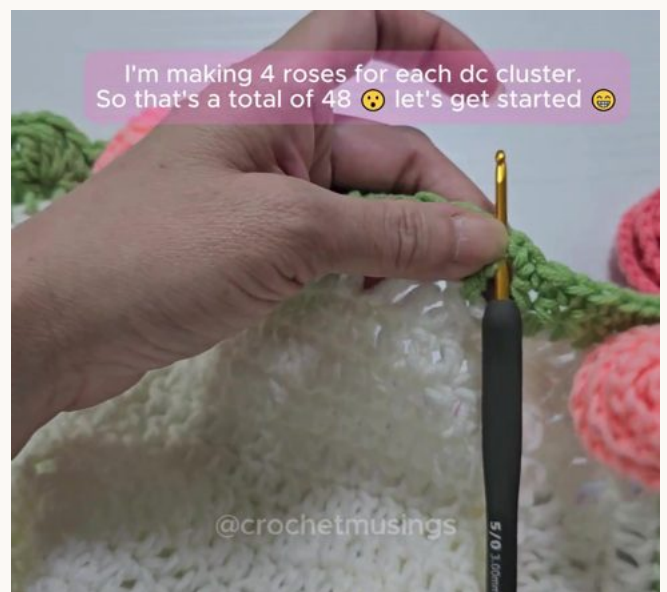

## Attaching the flowers

Position roses at leaf pairs and between pairs, adjusting spacing to get the bouquet effect. The video presents this as flexible. Sew each rolled rose firmly through its underside and green edge. Keep knots and yarn tails on the reverse; weave them into nearby stitches. Roses may also be made separately and sewn on.

17:30 • Neat underside
